Under-Served Children in Turkey***

About BTF

Bridge to Türkiye Fund is a philanthropic bridge between United States and Turkey. Incorporated in North Carolina, BTF encourages Turkish-American donors and Friends of Turkey across the US to actively participate in Turkey's progress by supporting the impressive work that is being carried out by trusted Turkish NGO partners.

BTF's goal is to finance and support projects related to children's education and health care.

Network of Compassion

Bridge to Türkiye Fund believes in participatory grassroots development by mobilizing motivated community members to apply their human capital and resources, benefiting socio-economically disadvantaged segments of Turkish Society.

Bridge to Türkiye Fund's greatest asset is its network of dedicated volunteers, compassionate donors and strong partners on both sides of the bridge. Please consider participating and contributing to BTF's success by sharing your time, skills and charitable giving. Become a Friend of BTF and introduce us to others who, like you, would like to invest in Turkey's future.

Please donate to BTF and help us make a difference

BTF has repaired 21 School Buildings, built a Girls Dormitory, established 37 Libraries. Supported 57 Classroom IT Projects and furnished 44 Kindergartens with Educational Tools. Outfitted 7,200 rural children with Winter Boots and provided 15,500 Turkish-English Dictionaries. To date 493 annual Micro-Scholarships have been given. Treatment costs of children with facial burns and cleft lip-palate syndrome have been covered. Children impacted by the earthquakes and with Childhood Leukemia are also in BTF's focus.

Why BTF ?

Bridge to Türkiye Fund was established in 2003 by Turkish Americans driven to make a difference, to improve life and to cultivate common good. BTF's commitment to these ideals stems from our basic desire to give back to our native land for the many opportunities we have gained from her. By supporting BTF, you too can share in this commitment and help us strengthen our community based development projects in Turkey.

Grant Making by BTF

Bridge to Türkiye Fund's grant-making efforts are focused on two basic areas of development: children's education and health care. Special emphasis is given to elementary education and girl's empowerment.

Since its inception BTF has approved hundreds of grants totaling more than \$1,000,000. Our return on investment is measured in lives bettered and improved social conditions for the recipients. The ultimate reward for our compassionate donors is the satisfaction that it brings.

BTF's Operational Overhead is 3.0% of Total Donations (covered in full by Board of Directors' contributions)
